

WHOLESALE

You can help grow hope in people's lives! You can easily set up a wholesale account with SEED, which allows you to have SEED's high quality and fairly traded goods to sell or give away.

We've made it easy to buy wholesale on shopSEEDmarket.org

To Get Started:

1- Complete the SEED wholesale agreement at shopseedmarket.org/wholesale.

After you submit the agreement, we will send you coupon codes to get the highest discount possible.

2- Choose what you want from our online store.

3- Apply a coupon code.

Your order will begin processing right away!

As a wholesale customer, you pay a percentage off of our retail prices. SEED operates on a very slim margin and we keep our retail prices low; it is likely that you can sell these products for more. Wholesale orders start at \$350 after discount. Your subsequent order only needs to be a minimum of \$150 after discount.

For shipping, you receive a low flat rate by selecting our wholesale shipping option at checkout. (Be sure to choose wholesale shipping so your order can be processed immediately.)

**SEED ECONOMIC JUSTICE.
GROW HOPE IN COMMUNITY.**

We envision communities being transformed because people reach out in tangible ways that result in new spiritual, relational, and economic futures.
